Level/ M.Sc.

زانكۆی سەلاحەدین - هەولێر
Salahaddin University-Erbil

Department: Biology **Student name:** ابتسام صلاح الدين صالح

Title of the Article: The Role of Meladonin in Human sleep, Circadian Rythms and their regulation.

Article Subject: Advance Endocrinology

No.	Elements of Evaluation	Mark	Evaluation mark
1	The title topic reflects the content of the paper, and it is short and interesting. If the abstract is short and informative enough to stand on its own, and are key words adequate as regards the content of the paper?	16	12
2	The introduction of the paper describes the problem within a theoretical framework with clearly defined research objectives. An appropriate research design has been used.	20	16
3	The extent of contemporary study in the article shows a complete, clear, and well-organized presentation. The content is precise, technical, and academic. (Seminar presentation)	32	28
4	A conclusion describes implications for theory, research, and/or practice. Logical conclusions from the data have been drawn.	16	12
5	Quality method and language integrity, the reference list follows one style as in Zanco Journal. There is good correspondence between the cited and referenced works. Do not exceed 5000 words.	16	12
	Total score	100	80
	Plagiarism Deduction (Filled by Scientific affairs unit)		
	Final Score		

The final total of 10 = 8
