Dear Professor Omar Aziz:

We have received your review of Manuscript ID S-2024-008 titled, "Structural Assessment of Cracked Concrete Members by Digital Image Random Nonlinear Finite Element." Your review comments and suggestions will be used to determine the suitability of the manuscript for publication in the ACI Journals and to provide assistance to the author(s) in revising the manuscript.

Please accept our sincere thanks and appreciation for your review of this manuscript.

Sincerely,
Ms Angela Matthews
Journals.manuscripts@concrete.org
