PeerJ

Dear Samah,

Thank you for submitting your review for the article - Levels of wavelet analysis of microwave scattered signals from phantom model for breast cancer detection.

It has been sent to the Academic Editor Henkjan Huisman, and you will receive a copy of their editorial decision in due course.

Thank you for reviewing on time. As promised, the details of your submission discount are shown below. Please note that the discount is available for articles submitted within the next 180 days only.

Your discount submission code: fd4f96cd07

On-time review reward: As a thank you for your time and diligence in reviewing before the deadline we'd like to offer you a $200 APC discount when you publish with PeerJ. This offer is good on any article when paying the article processing charge only, and not applicable to memberships. You can apply it on the payments screen after a manuscript submission.

For your reference, your review is appended below. **Thank you again for the time you spent on it.**

We hope you enjoyed reviewing with us. If you feel like sharing your experience please tweet us your feedback. Every tweet helps spread the word about PeerJ, and supports our publishing mission.
