## Description of the Capacity Building activity and Learning Outcomes

Background
The overarching goal of APPRAIS is to support, through the cooperation with European institutions, the rebuilding and modernisation of the governance system of higher education institutions (HEIs) in the Kurdistan region of Iraq, with a specific focus on strategic planning, quality assurance and Bologna process implementation.
Activities Overview
The APPRAIS capacity building action focused on strategic planning, management and Quality Assurance, Bologna process implementation, recognition of credits and learning mobility. The training included both theoretical lectures and practical activities, working groups and visits to specific offices at hosting institutions, analysis of practices and networking with peers.
