## Description of the MOOC

Activity Overview
<p>The general aim of this MOOC is to provide different training modules on some selected topics related to the definition and implementation of Bologna process in the Kurdish universities, providing the training needed for better university governance and implementation of Bologna process at KRG HEIs that will be the basis for the definition of their own institutional strategic plans. The main topics addressed are related to governance, the design of study programs, recognition of credits, learning mobility, and internal and external quality assurance.</p>
