

Deutscher Akademischer Austauschdienst
German Academic Exchange Service

TECHNISCHE UNIVERSITÄT
BERGAKADEMIE FREIBERG

The University of Resources. Since 1765.

Certificate of Participation

Ahmed Samir Anwar Alemdar

successfully participated in the Online Workshop

“Presentation Techniques for Professionals from Science and Industry”

on March 27 and 30, 2023

The following topics were covered:

- professional presentation techniques for science and industry
- building rapport with the audience from a psychological perspective
- phrases, terminology, transitions and further relevant linguistic aspects for professional presentations, relevant self-help literature, visual dictionaries
- pronunciation and intonation drill
- hands-on practice presentations

In co-operation with the Institute for Machine Elements, Engineering Design and Manufacturing at the TU Bergakademie Freiberg, this workshop was organised within the scope of the Education and Skills in Additive Manufacturing (ESAM) Project. ESAM is part of the German – Iraqi Academic Partnership programme, which is funded by the German Academic Exchange Service (DAAD).
