<b>9- Course Overview:</b>	
<p>An introduction to the study of law is an important topic for students of the Department of International Relations, when students enter a university that does not have any legal idea academically, so when they take this course in the first stage, they take a group of legal information in an academic and scientific way and support them in order to understand or know what sources The law, or what are the sources on which the Iraqi law or the Iraqi constitution is based, from this offender helps a student to solve some international and internal crises, and on the other hand it leads to knowledge of Iraqi law and to understand and from some of the modules that they study in other stages such as (constitutional law And general international law ...), from this perspective, this article cannot be ignored, at the student must be studiny very good this subject</p>	
<b>10- Course Objective:</b>	
<p>Our goals in this subject are for the student to know the existence of the relationships that exist between law and politics, as well as how society is organized by the law. And training students to understand the sources of law and the sources of the Iraqi constitution, and to analyze the crises that exist between the region and the center on the legal basis However, students' knowledge of the impact of custom, customs, traditions and Islamic law on the formulation of law in Iraqi society, and finally our goal is the future of society without the law.</p>
