

Membership of Amnesty International

To Bnar Kareem Darwish,

Thanks again for becoming a member of Amnesty International. We're really excited to have you on board and are looking forward to working together to make positive change around the world.

Your support is vital to Amnesty, and so we want to make sure our work is relevant to you. When you hear something in the news that angers or upsets you, you can be sure that Amnesty International has a way to act on this. We also offer training at all levels in human rights education or in ways to campaign on the issues that matter to you.

It will only take you about three minutes to fill it in. This is your Amnesty International, so let's make sure it fits your needs and interests.

We look forward to hearing from you.

Best regards,
Membership team
Amnesty International
