Dear Sir/Madam,

We are very pleased to inform you that you have been selected for the Shiraka Food Safety course 2024. The course will be held in two modules:

1. The first module will run online from **11 June 2023 to 25 July 2024**, followed by an implementation period at home. Please note that the course start date has been postponed by one week.
2. We hope to host the second module face-to-face in Tunisia in November 2024.

Your invitation letter is attached to this email.

We kindly ask you to **confirm your availability** during BOTH periods by e-mail before Wednesday 5 June. Please send your confirmation to marie.liberce-kruit@wur.nl. We will need a **copy of your passport** by return. Thank you very much.

P.O. Box 88 | 6708 WB Akkermaalsbos 12 | The Netherlands

Subject: **Invitation letter Shiraka Food Safety Course 2024**

Dear candidate,

We are happy to inform you that you have been selected to participate in the course Shiraka Food Safety 2024. The course will be held in two modules:

- an interactive online module, from 11 June 2024 to 25 July 2024. You will be working on our TalentLMS learning environment and following live sessions every Tuesday and Thursday from 09:00 to 12:00, Amsterdam time (Central European Summer Time – CEST)¹.
- a face-to-face module in Tunisia in November 2024.

The course will be organized by Wageningen Centre for Development Innovation, Wageningen University and Research. The course is funded through the Dutch Ministry of Foreign Affairs in The Hague and will be facilitated by rvo.nl on behalf of the Ministry of Foreign Affairs.

We kindly request you to confirm your availability during this period before Wednesday 5 June 2024 by sending an e-mail to Marie Libercé-Kruit: marie.liberce-kruit@wur.nl including a copy (picture or PDF) of your passport.

We would like to invite you for our first online session on Tuesday 11 June 2024, 09:00-12:00 CEST¹. In this session, we will:

- explain what the course is about;
- assess your expectations regarding the course: what you would like to learn about;
- explain how Talent LMS and other online tools work; and
- give you an introduction of food safety and the first assignments of the course.

If you cannot join the full program, please let us know in time. Then we can invite someone else to take your place and thus make use of the available scholarships. If you decide to take part in the course, we expect commitment and effort from you to get the most out of it.

We look forward to having you in our course.

With kind regards,

On behalf of the course organizers,

Monika Sopov
