

BLENDED TRAINING COURSE APRIL - JUNE 2023

Certificate

On behalf of iCRA, it is hereby declared that

Chnar Sulaiman Hadi from *Iraq*

has successfully completed the blended training course:

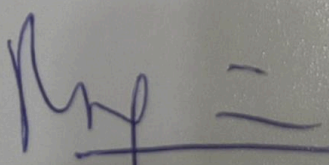

Making Research Work ***Solving complex agri-food problems through action research***

Including the following modules:

1. **Exploring Research Processes and Action Research:** Types of research, dealing with complexity, agricultural innovation systems, using systems thinking to visualise research in its broader context (participants' own research examples).
2. **Implementing Participatory Action Research:** Roots of PAR, core beliefs, key characteristics and core competencies needed (and our challenge) for how we implement PAR
3. **Developing Winning Research Proposals:** The 'psychology' of a donor; what donors look for in a proposal, how to write for a donor and how donors read and evaluate a proposal; getting an envisaged change process (ideas) on paper and defining impact; engaging donors, potential partners and target groups.
4. **Building Trust with Stakeholders:** Trust as a condition for innovation, listening skills for building trust, creating commitment, and looking for common ground.
5. **Communicating Research:** The basics of communication; how to make research engaging for every type of audience, online & offline communication channels.
6. **Engaging stakeholders:** Identifying stakeholders, understanding their roles and responsibilities, conducting a stakeholder analysis to understand their interests, needs, and influence.
7. **Applying the lessons learnt** in the modules to two case studies in the face-to-face component of the course in Wageningen, the Netherlands (21 – 28 June 2023).

Signed and delivered this June 28th, 2023.
