SUSTAINABLE DEVELOPMENT & PLANNING

Objectives of the Journal

The International Journal of Sustainable Development & Planning responds on the necessity to relate the fields of planning and development in an integrated way and in accordance with the principles of sustainability.

The Journal covers all aspects of planning and development including environmental design, planning and management, spatial planning and sustainable development.

It is the aim of the editors of the Journal to create an interdisciplinary forum where all the issues related with the concept of sustainability (environmental, spatial, economical and social), are open for scientific discussion.
