

Certificate of Participation as an Academic Reviewer

The In-Country Scholarship Programme “**Prospects for Peace Through Education in Iraq**” is commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ) and implemented by GIZ in close cooperation with DAAD.

Within the programme, a two-part selection process is implemented to identify the most suitable candidates for the programme.

The first part serves to determine whether the applicants are part of the target group of the programme.

In the second part, reviewers assess the applicants' academic merit as well as their motivation.

For this purpose, academic staff of Salahaddin University in Erbil was asked to participate in the selection process.

Reviewers rate the applicants' aptitude based on their application documents as well as their performance in the selection interviews that are held via video conference.
