

Academic Curriculum Vitae

Personal Information:

Full Name : Elham Ahmed Hamma Al-Zahawi
Academic Title: Assistant Professor
Email: (university email)-: elham.hamma@su.edu.krd
Mobile:07506122261

Education:

I studied in both Al-Adhamiya High School and Al-Hariri High School, and then within the staff of the Training and Development Institute at the headquarters of the Ministry of Education. After that, I moved with my job degree to the city of Erbil within the staff of the Ministry of Education and Scientific Research - College of Basic Education / Department of General Sciences, and I am still working as a teacher within the staff of the college.

Employment:

I got a bachelor's degree in chemistry from the College of Education / Ibn Al-Haytham / University of Baghdad and I was among the top in the department. I got both a master's degree and a doctorate in chemistry teaching methods from the same college and university between 2001-2005. I was promoted to the scientific degree (assistant professor).dated 2015

Qualifications

I participated in many courses during my professional career, including:

- A developmental course in different majors in chemistry, and I got a very good grade

A course in teaching methods (Al-Mustansiriya University), and I got an honors degree

- An English language course at the University of Baghdad / College of Education - Ibn Al-Haytham

Computer course (IT) at the University of Baghdad / College of Education - Ibn Al-Haytham

I prepared and managed a course on teaching methods for all science teachers within the Training Directorate / Ministry of Education in Erbil

A course in Moodle within the staff of the College of Basic Education / Salahaddin University-Erbil

Teaching experience:

I taught many curricular subjects in the college for both (the undergraduate and postgraduate levels) and these subjects are:

1- Educational Counseling 2- Educational Psychology 3- Methods of Teaching Science 4- General Teaching Methods 5- Measurement and Evaluation 6- Management and Supervision 7- Research Methods

In addition to the above, I supervised:

1- Master's students majoring in Science Teaching Methods

2- Graduate research for undergraduate students

3- Supervising the applications of the fourth stage students

- 4- Evaluation of promotion research for several universities
- 5- Evaluation of research published in a number of journals and conferences
- 6- Presenting a number of seminars in a specialized field
- 7- Presenting lectures in several subjects (teaching methods, measurement and evaluation, management and supervision) that were prepared and recorded by video, through the Moodle application during the Covid-19 pandemic.
- 8- Providing educational lectures on teaching methods through educational television in Baghdad.
- 9- Participation in the discussion of a Ph.D. student on methods of teaching physics
- 10- Participation in the scientific committees of the department
