

Curriculum Vitae

Irfan Shaaban Asaad

Name:Irfan Shaaban Asaad Ibrahim

D.O.B:12th June1985

Place of Birth:Iraqi Kurdistan_Erbil

Nationality: Kurdish

Address: Iraqi Kurdistan_ Arbil_ Mamostaian Quarter

Work Address: Iraqi Kurdistan_Erbil_Karkuk Street_ College of Scinece(SUE) _Geology Department.

Telephone Number:0096407504621348

Email: Irfan85bjeely@yahoo.com, irfan85bjeely@gmail.com

Graduate: (Salahaddin University –Erbil(SUE))_Collage of Science_ Department of Geology.

Scholarship: Bachelor of Science (Bsc) in Geology- 2007
Higher diploma in sedimentology and Sequence Stratigraphy- 2014
M.Sc. in Sedimentology and Stratigraphy-2019

Profile

A committed and enthusiastic individual, who has a proven record of completing tasks to a very high standard. Works well in a team and is equally suitable working on his own with minimum supervision and instruction. He has good communication and interpersonal skills which he utilizes to ensure his client receive the best support available. He run it work in laboratory as practical lecturer with high skill which is very helper to its supervisor professors and very benefits to students in learning by good knowledge this important science. Although he has a good role in supervising geologic students in summer field works and he give a very benefit information and instruction in order to rise the student's skill. He has a very good field experience and petrographic analysis background particularly of carbonate sedimentology.

Professional Experience

-Graduated from collage of Science in Salahaddin –Erbil University with a degree in Geology in 2007.

- Employed by Harekar Security Company as an English interpreter and Operation room Operator in April 2008. in seismic survey for MOL company in Akre-Bjeel seismic camp. Working with Expatriates and local dignitaries to ensure the smooth running of a seismic operation.
- Employed by Kalegran Company (subsidiary of MOL) as Field Geologist for survey and collecting data in Akre-Bjeel Block for oil purpose from January 2009 to September 2009.
- Employed in Municipalities and Tourism Ministry (KRG)-General Directorate of Antiquities as Assistant Geologist from July 2009 to November 2009.
- Employed in Ministry of High Education and Scientific Researches (KRG)-Salahaddin University-Erbil, College of Science, Geology Department, as Assistant Geologist from December 2009.
- Get higher diploma in geology (Sedimentology) in 2014 with very good degree.
- works as practical lecturer in the following departments: 1-College of Science (SUE) – Department of Geology, 2- College of Basic Education (SUE) –Department of General Science, 3- Works as Practical lecturer in Noble institute from April 2015 until 2018, teaching petroleum geology and drilling equipment techniques lab.
- 4- Get Master of science in Sedimentology and Stratigraphy in 2019 with very good degree.

Researches Thesis and Reports:

- 1-Zebari, Mjahid M., Irfan Sh. Asaad, and Mohamed T. Brifkani. Engineering Classification and Index Properties of Rocks in the Derbandi Gomasban – Suggested Damsite. Conference paper, 2007.
- 2-Asaad, Irfan Sh. Introduction of Hydrology and Hydrogeology of Bjeel sub district in Akre area, Duhok governorate, Private (Unpublished) report for government in Akre. Arabic. 2009.
- 3-Asaad, Irfan Sh. Sedimentology and Stratigraphy of Kometan Formation (Upper Turonian-Lower Campanian), in the Kometan Village - Imbricated Zone Iraqi Kurdistan Region, Higher diploma Dissertation(unpublished), Science College, University of Salahaddin, Erbil, Iraq (2014)
- 4- Balaky, Sardar M., Irfan Sh Asaad, and Ali Ismail Al-Juboury. "Facies analysis and sequence stratigraphy of Kometan Formation (Upper Cretaceous) in the imbricated zone, northeastern Iraq." *Arabian Journal of Geosciences* 9, no. 20 (2016): 747.
- 5- Asaad, Irfan Sh, and Sardar M. Balaky. "MICROFACIES ANALYSIS AND DEPOSITIONAL ENVIRONMENT OF KHURMALA FORMATION (PALEOCENE–LOWER EOCENE), IN THE ZENTA VILLAGE, AQRA DISTRICT, KURDISTAN REGION, IRAQ." *Iraqi Bulletin of Geology and Mining* 14, no. 2 (2018): 1-15.
- 6- Asaad, Irfan Sh. and Sardar M. Balaky. Geotourism potential of Akre area, Duhok Governorate, Iraqi Kurdistan Region. Iraqi Geotourism Conference. (2019).
- 7- Asaad, Irfan Sh. Sedimentology and Stratigraphy of Baluti Formation (Late Triassic) in two Selected Sections -Iraqi Kurdistan Region. Unpublished Thesis in Salahaddin University-Erbil (2019).
- 8- Asaad, Irfan Sh, and Muhammed F, Omer. (Diagenetic History and Porosity Types of Baluti Formation (Upper Triassic), Galley Derash, Duhok Governorate Kurdistan Region Northern Iraq. *Iraqi Bulletin of Geology and Mining*, 16 no.1 (2020): In Press.

Languages

Kurdish: native language

Arabic: Speaking and writing

English speaking and writing

Computer

(Microsoft Word, Microsoft Excel, Microsoft Power point, Surfer)

Skills

Good Communicator

Very Good Knowledge of Geology which gives good advantage in laboratory works.

Very Good experience of sedimentology and petrographic investigation.

Interesting to diagenesis, microfacies, depositional environment and sequence stratigraphy.

Vast Knowledge of security policy and procedures in Seismic operations

Very good knowledge of oil drilling technique and oil exploration

Very Good translating skills

Very Good Cultural Knowledge

Very Good Writing skills
