Dear Participants,
Greeting to you!

I would like to inform you, that we have finalized the review process and now we are ready to publish your manuscript entitled **“The value relevance of accounting information based on IFRS in the Netherlands and the UK”**

Therefore, it is necessary to make you aware about the publication status.

As you know that we have sent a google form to ask about the choice of journal for publication. Thus, we have received the choice in three different categories are paid ESCI, EJMSS, Conference proceeding.

If we go for choice of paid ESCI publication than it takes lots of time especially **next 10 to 12 months** or more and huge cost around **\$ 1000** as a fee for publication.

So, the organising committee, ICABEP 2021 has decided to publish all accepted and reviewed manuscripts in **EJMSS (Eurasian journal of management & social sciences) in special issues**.

If you have any objections or need more clarification so, please do not hesitate to contact me in next **2 working days**. Afterward, we will start the procedure for publication and send you the link.

Thank you for cooperation in advance.

Best Regards
