

CERTIFICATE OF PARTICIPATION

Awarded to

Kharman Khalid Qader

In recognition of the successful participation in

The training of lead trainers on improved and sustainable methods of apple, pomegranate and grape production for the implementation of a national agricultural training programme

This 5-day training provided information on management of the major diseases and pests of apple, pomegranate and grapevine. This included biological as well as chemical methods, with emphasis on important aspects for export such as maximum residue levels and pre-harvest intervals. In addition, lectures were given on organic farming principles as well as harvest, post-harvest and storage conditions.

Erbil; from 7 to 11 May 2023
