Q1: Read the following passage :

( 10 Marks)

Research shows that children have very clear ideas about teachers . Good teachers keep order in the classroom . This means they stop bad behavior . Good teachers explain things clearly . They show enthusiasm for their subjects . In other words , they like their subject and they are excited about teaching it . Good teachers treat the children as individuals . This means they know the names of all their students and they know personal facts about each one . Finally , good teachers have a good sense of humor and make jokes .

According to the text:
