Britain has four kinds of school. They are nursery, primary, secondary and sixth form. Many British children go to nursery school at three or four. Children do not take exams at nursery school. At five, they move to primary school. Most primary schools are mixed. They stay there for six years and then they move to secondary school. Most children do not take exams at 11, but a few take the 11+ exam. Secondary school lasts five years. Most secondary schools are mixed. Children take exams called GCSEs at the age of 16. You can leave school after your GCSEs but many children stay at school for two more years.

The last two years are called the sixth form. At the end of the sixth form, teenagers take A levels. You can leave school after A levels, but 50 per cent of British teenagers go on to university.

**Q. 18 : Read the following passage and then answer the questions below: (5 marks)**

Eating in the Student Center is a pleasant experience. First the food is excellent. It is well prepared, it tastes delicious, and there are many different kinds of food like hamburgers, tacos, pizza, and chicken. Moreover, each person serves his or herself, selecting just what he or she wants. Second, the environment in the Student Center is positive. Many happy young people are talking and laughing. However, the atmosphere is still calm; it's possible to study and do homework. Finally, there are many friendly people in the Student Center. Even the strangers say, "Hi!" and offer to share their tables. When that happens, practice in speaking English and friendship often follow. For These reasons, it is nice to go to the student center cafeteria once in a while to enjoy the eating, studying, and talking with new people.

**State whether the following questions are (True) or (False):**
