Subject/ Recommendation

I would like to recommend Muhammad Abdulwahab Aziz as one of my students that I have taught him when he was at the third and fourth grades during the academic years from 2005 to 2007 in the Department of English Language/College of Education/ Salahaddin University/Erbil/Kurdistan Iraq. He was one of the best students who always showed the spirit of cooperation with his classmates. He has the fluent and accurate English Language capacities which enable him to enroll in any programme, therefore; I recommend him and if you have any concerns you can contact me on the following addresses. I wish him all the best.
