Dear Mr. Sabir:

It is a pleasure to accept your manuscript entitled "Effect of strontium ranelate and cerium oxide addition in the diet on bone quality and expression level of osteocalcin and alkaline phosphatase genes in broiler chicken", subject to some final changes, for publication in Veterinary Medicine and Science.

Before proceeding with publication, please make the following changes indicated by the reviewers:

You will be contacted by the editorial office shortly regarding how to submit the final version of your manuscript.

The final version of your article cannot be published until the publisher has received the appropriate signed license agreement. Once your article has been received by Wiley for production the corresponding author will receive an email from Wiley's Author Services system which will ask them to log in and will present them with the appropriate license for completion.

Payment of your Open Access Article Publication Charge (APC):

All articles published in Veterinary Medicine and Science are fully open access: immediately and freely available to read, download and share. Veterinary Medicine and Science charges an article publication charge (APC).

Before we can publish your article, your payment must be completed. The corresponding author for this manuscript will have already received a quote email shortly after original submission with the estimated Article Publication Charge; please let us know if this has not been received. Once your accepted paper is in production, the corresponding author will receive an e-mail inviting them to register with or log in to Wiley Author Services (www.wileyauthors.com) where the publication fee can be paid by credit card, or an invoice or proforma can be requested. The option to pay via credit card and claim reimbursement from your institution may help to avoid delays with payment processing.

If you previously opted in for Transparent Peer Review please note that your response to the reviewers will be published as part of the full review history of your paper.

Thank you for your fine contribution. On behalf of the Editors of Veterinary Medicine and Science, we look forward to your continued contributions to the Journal.

Sincerely,
Prof. Gayle Hallowell
Editor in Chief, Veterinary Medicine and Science
