Dear Assist. Prof. Dr. Ramadan Yusuf,

I am writing to request if you would be able to review manuscript # AJAS.AG1168, entitled " Efficiency of aqueous and alcoholic extracts of some plant extracts in inhibiting the growth of the fungus Fusarium solani that causes cowpea root rot disease in the laboratory and in the field.", has been submitted for consideration in Anbar Journal of Agricultural Sciences.

Note that the manuscript is in Arabic.

Please, return the manuscript within 10 days

Please, download the attaching file

Please, use a review list attached to the email

Please let me know if you have any questions about this process

Regards
