Qualifications

- I am computer literate, and have a good professional working knowledge of Microsoft word, Excel and Power Point.

Languages:

- Arabic (Very Good)
 - French (Very Good)
 - English (Very Good)
- Native language; Kurdish.

- I am seen as a good role model and have always helped other people in the lower years of my university. I understand through personal experience the difficulty of leaving one's country and starting a new life in another. I have been able to share my knowledge of this challenge with several people in France and enjoyed the progress they have made.
-
- I have been one of the main members in the preparation committee of several conferences such as University forum 1 and University Forum 2 in the years (2015 and 2016 successively). In addition to these I have also participated in several conferences and seminars that are held at the University camp and outside.

Teaching experience:

I have been teaching at my university and in the process of teaching since my graduation in 2006, over the years I have gained life experience in teaching and also the psychological sides that are attached to the teaching process. I have been described by my undergraduate students as a fair, understanding and very helpful and approachable lecturer in matters that are related to teaching and also sometimes personal issues.

Conferences and courses attended

- Over the years since my graduation, I have attended and participated in several courses and conferences such as, attending election management course and consequently the manager of one of the election centers. Participating on weekly basis in conferences and seminars that are held at university campus.

Funding and academic awards

- I was awarded a grant to take a masters course in Public Policy at University of Nantes-France and was awarded an Upper second-class master's degree.

Professional memberships

- Member at Kurdistan Teachers Union
- Member at the Society of Political science
