

## INTERNATIONAL SYMPOSIUM: Drought, and the Impact of Climate Change on the Political, Economic, and Demographic Situation of Iraq

Asst. Prof. Dr. Kamaran Younis,  
President of Salahaddin University - Erbil

Iraq's future hangs in the balance. Drought and climate change are wreaking havoc on its social, political, and economic stability. This crisis demands immediate action.

Join us for a critical symposium to collaboratively develop solutions that will safeguard Iraq's future. By analysing the profound effects of drought and climate change on Iraq's landscapes - political, economic, and demographic - we can foster understanding and dialogue to build resilience and adaptation strategies.

The symposium, titled "Drought and the Impact of Climate Change on the Political, Eco-nomic, and Demographic Situation of Iraq". Brings together local and international experts, academics, government officials, and stakeholders. Together, we will examine the challenges posed by climate change-induced drought and develop actionable solutions to address its multifaceted effects.

The symposium is organised in partnership with the University of Kurdistan Hewlêr (UKH) Centre for Environmental Studies (CES), Centre Français de Recherche sur l'Irak (CFRI), Bahr Alolom Forum, and powered by Vision Education.

### Date, Time & Venue:

• Saturday 11<sup>th</sup> May, 2024 | 9:00 AM – 5:00 PM  
UKH Auditorium

• Sunday 12<sup>th</sup> May, 2024 | 9:00 AM – 5:00 PM  
Rotana Hotel, Erbil

Your presence and participation are highly valued.

Please RSVP by [7/5/2024] to [prmc@ukh.edu.krd].

Let's cooperate to shape a more sustainable future for Iraq!
