Salahaddin Yasin Baper   27 November 2023
Salahaddin University-Erbil, Kurdistan region, Iraq

Dear Dr Baper

I am writing to invite you to attend the 16th international conference in development in eSystems Engineering (DeSE 2023) that will take place at Atlas University, Istanbul between the 18th and 20th of December 2023. You are invited as a session co-chair for session 10 entitled: Advanced Technology, AI and Historic Preservation.

The conference shows the latest global developments in artificial Intelligence and Machine Learning (AIML) and its applications particularly those related to United Nations Sustainable Development Goals. The aim of DeSE 2023 is to disseminate the latest research in eSystem Development, AI, Sensors and Industry 4.0.

Collaboration is crucial to developing AI applications in different fields. ATLAS University (Istanbul, Turkey) offers the optimal settings to bring together global collaborators from industry, academia and regulatory organisations, and set the stage for a new era of AI-driven research. DeSE 2023 foresees 200+ delegates, 30+ speakers and 50+ posters.

Therefore, you are invited to attend the conference and see the latest applications of AI in fulfilling the United Nations sustainable development goals. Your attendance will greatly benefit the conference.

Apologies that there is no funding allocated for attendees, but the registration fees will cover your attendance.

Thank you for your consideration.

Regards
DeSE Organising Committee
