

Academic Staff Research Plan Information Form  
(فۆرمی زانیاریه کانی پلانی تووژینه وهی مامۆستایان)

Name of the researcher / researchers

ناوی تووژهر / تووژهره کان

Salim NajmAldain Saber

Name of research:

ناوی تووژینه وه:

Two Dimensional and Three Dimensional- Quantitative Structure Activity Relationship (2D-3D QSAR) modeling on the anticancer activities of Pt, Pd and Ni complexes.

Research Start Date :

ریکه وتی ده ست پیکردنی تووژینه وه : 2024 / 5 / 1

Time required to complete the research:

ماوه ی پپو یست بو ته واکردنی تووژینه وه که: 6.0 month

A summary on the research plan:

پوخته یه که له سه ر پلانی تووژینه وه که:

This research will show the important the metal complexes for cancer treatment. By this research, I will try to find the relation between the anticancer activity and chemical structure of the metal complexes. This research belongs to chemometric and computational chemistry
