

Course book (Time Series)

First Semester

Chapter	Title	Page
One		1-13
1-1	Time Series	2
1-1-1	Example about Time series	3
1-1-2	Time series data can be divided into two types	5
1-1-3	Time series are classified to	7
1-1-3-1	Multiplication decomposition	9
1-1-3-2	Additive decomposition	11
1-1-4	Components of Time Series	13
Two		14-48
2-1	Measurement of Trend	15
2-1-1	Graphical method:	19
2-1-2	Method of semi average	30
2-1-3	Method of least squares (LSD)	40
Three		48-55
3-1	Moving Average Method	48
3-2	Weighted Moving Average Method	49
3-3	Exponential Moving Average Method	52
3-4	Ratio-to-moving average method	53
3-5	Link relatives method	55
