

## 40 Questions in new technique in vegetable production

**Q<sub>1</sub>/ Define of the following:**

Crop rotation, Mulching, Trap Crops, Indoor grow room, Flooding.

**Q<sub>2</sub>/ Advantages of CEA.**

**Q<sub>3</sub>/ Cultural practices in plant protection.**

**Q<sub>4</sub>/ Disadvantages of mixed cropping.**

**Q<sub>5</sub>/ Important of green manuring.**

**Q<sub>6</sub>/ Define of intercropping then write its types.**

**Q<sub>7</sub>/ Write a new technique, in your opinion, affects the production of vegetables towards the best.**

**Q<sub>8</sub>/ What is the difference between Hydroponic and Aeroponic.**

**Q<sub>9</sub>/ What is the difference between Compost and Vermicomposting.**

**Q<sub>10</sub>/ Define of intercropping with example, then explain its types.**

**Q<sub>11</sub>/ Disadvantages of CEA with explain.**

**Q<sub>12</sub>/ What's the mean of Vertical Farming explain that.**

**Q<sub>13</sub>/ Advantages of smart irrigation.**

**Q<sub>14</sub>/ What's the mean of Indoor Grow Rooms explain that.**

**Q<sub>15</sub>/ Write the advantages of mixed cropping.**

**Q<sub>16</sub>/ Explain the concept of new techniques in vegetable production.**

*Q17/* What are the sensors types that use in smart irrigation system explain that.

*Q18/* What's the mean of mulching explain that, then write its types.

*Q19/* What is the difference between Pre-Sowing irrigation and Flooding.

*Q20/* What are the sensors types that use in smart irrigation system explain that.

*Q21/* Advantages of CEA.

*Q22/* Disadvantages of smart irrigation.

*Q23/* What are the greenhouse types that use in vegetable production.

*Q24/* What are the Advantages of greenhouse types that use in vegetable production.

*Q26/* What are the disadvantages of greenhouse types that use in vegetable production.

*Q27/* What is the difference between Vertical Farming and indoor room.

*Q28/* What is the difference between mixed cropping and intercropping.

*Q29/* What is the difference between relay inter cropping and row intercropping.

*Q30/* What is the difference between hydroponic and aquaponic.

*Q31/* What is the types of Mulching.

*Q33/* What is the mean of flooding.

*Q<sub>34</sub>*/ What is the types of new techniques in vegetable production.

*Q<sub>35</sub>*/ What is the types of Mulching in green houses.

*Q<sub>37</sub>*/ What is mean the Summer Ploughing.

*Q<sub>38</sub>*/ What is the advantages of intercropping.

*Q<sub>39</sub>*/ What is the mean of Growing disease resistant varieties

*Q<sub>40</sub>*/ What is the mean Application of organic amendments
